

# HAPPY HOLIDAYS

From Mayor Sanders and the City of San Diego

Dear Friend,

Please accept my best wishes for a happy holiday season. I hope that you will find the time to enjoy the company of family and friends and will take in the many joys our City offers during this time of year.

Also, please accept my sincere thanks for giving me the opportunity to serve you as Mayor during this extraordinary time. We have worked together to change things for the better over the past year and I know that your continued participation and attention will be even more important in the year ahead.

We have a lot left to accomplish here at the City and the new year is sure to bring new challenges. It will also bring new opportunities for success. I look forward to celebrating our progress together and to working with you here, in America's Finest City.

Happy Holidays!

  
Mayor Jerry Sanders
